

# Daniel Huong

I'm a junior full stack developer who's passionate about creating clean, responsive web applications with the latest technologies. My past roles in the finance industry has given me analytical experience and a strong business acumen to compliment my coding skills. I am excited about my new career path into the world of tech and can't wait progress my skills.

## EDUCATION

### Coder Academy, Melbourne — Web Development, *Fast Track Bootcamp Graduate*

JULY 2017 - FEBRUARY 2018

### University of Melbourne, Parkville — *Bachelor of Commerce*

FEBRUARY 2007 - JULY 2010

## SKILLS

### Web Development

- FrontEnd: ReactJS, HTML5, CSS, SASS/SCSS, JavaScript, Ruby on Rails, Stylus, UI/UX, Figma
- BackEnd: Node.js, Ruby, SQL, MongoDB, Express.js
- Other: AWS(S3), Git, Figma, Trello, DbDesigner, Heroku, Netlify, mLab & Zeit's Now (MongoDB), RSpec
- Strong capabilities in producing responsive web apps from planning, to design, to production and review. Experienced using planning tools such as Figma to map out UX/UI, and deployment with various technologies.

### Other

- Strong ability to prioritise large workloads with a can do attitude.
- Excellent analytical and problem solving skills developed at NAB as they were required to successfully find solutions for stakeholders.
- Well developed communication and interpersonal skills demonstrated in previous roles where I had to engage with clients and different levels of staff.

## PERSONAL PROJECTS

### Lobster:

A 2-sided marketplace for home cooked meals. It is like a 2-sided uberEats where you can purchase local food and be a local cook; choosing when to work.

Links:

<https://tasty-lobster.herokuapp.com/>

<https://github.com/mimum/Lobster>

Technologies used: Ruby on Rails, AWS(S3), SCSS, Heroku

### Ruby Terminal Application:

"GroPro Hero" provides a solution track their vegetable and herb progress in their gardens. Received positive feedback for the impressive UI. My first CoderAcademy group assignment.

Links:

<https://github.com/mimum/GroProHero>

Technologies used: Ruby

### Jitsmob:

A client project for Jitsmob, a company that aims to educate jiu jitsu and MMA enthusiasts on injury prevention & mobility.

Links: <http://jitsmob-1-5.netlify.com/>

[https://github.com/igaboc/jitsmob\\_v1.5](https://github.com/igaboc/jitsmob_v1.5)

Technologies used: ReactJS, Node.js, express, MongoDB, HTML5, CSS, Netlify

## EXPERIENCE

### **Alex Solutions, Melbourne — Developer Internship**

FEBRUARY 2018 - MARCH 2018

- Fixed bugs using SQL, Bash script, command line script.
- Built a frontend discussion/reply module in reactJS and using Material UI framework.
- Participated in team SCRUMs and Sprints under the AGILE methodology.

### **Metro Trains Melbourne, Melbourne — Penalty Fares Administrative Officer**

OCTOBER 2015 - AUGUST 2016

- Data Entry, generating reports, administration duties.

### **National Australia Bank, Docklands — Customer Fulfillment Officer (NAB Broker Mortgages)**

JULY 2013 - OCTOBER 2015

- Case management of clients in preparation for real estate settlements.
- Reduced risk exposure by understanding and implementing legal frameworks.

### **National Australia Bank, Melbourne — Loan Modifications Officer**

JULY 2012 - JANUARY 2013

- Processed loan changes on NAB's backend systems.

### **McDonald's, Whistler, Canada — Crew Member**

NOVEMBER 2011 - APRIL 2012

- Working holiday over the ski season.

### **Southgate Financial Services, South Melbourne — Fleet and Finance Consultant**

OCTOBER 2010 - SEPTEMBER 2011

- Sold fleet and finance solutions to individual, business and not for profit clients.

### **Roy Morgan Research, Melbourne — CATI Interviewer (Computer Assisted Telephone Interviewing)**

APRIL 2008 - AUGUST 2010

- Cold calling to complete telephone surveys for the 'Morgan-Gallop Poll'.

## INTERESTS AND ACHIEVEMENTS

### **ALEX Solutions**

- Was commended for discussion/reply module built during the internship.

### **NAB**

- Was awarded with "shining star" awards for my customer service.
- Worked and implemented process changes to improve team efficiency.

### **Snowboarding**

- Participated in the 2017 'Mum's the word' rail jam.
- Landed my first backflip in 2017.

### **Travel**

- Took a career break in 2016 to travel to Europe for a backpacking trip. The highlight of the trip was witnessing the northern lights in Iceland.
