

Daniel Huong

I'm an aspiring full stack developer who loves creating responsive web applications from scratch. I have extensive experience in business industry and bring over a strong business acumen and analytical experience to complement my coding skills. I am currently undertaking an exciting career change into the world of tech.

EDUCATION

Coder Academy, Melbourne — Web Development, *Fast Track Bootcamp Graduate*

JULY 2017 - FEBRUARY 2018

University of Melbourne, Parkville — *Bachelor of Commerce*

FEBRUARY 2007 - JULY 2010

SKILLS

Web Development

- FrontEnd: HTML5, CSS, SASS/SCSS, JavaScript, ReactJS, Ruby on Rails, Stylus, UI/UX, Figma
- BackEnd: Ruby, Node.js, SQL, MongoDB, Express.js
- Other: AWS(S3), Git, Figma, Trello, DbDesigner, Heroku, Netlify, mLab & Zeit's Now (MongoDB), RSpec
- Strong capabilities in producing responsive web apps from planning, to design, to production and review. Experienced using planning tools such as Figma to map out UX/UI, and deployment with various technologies.

Other

- Strong ability to prioritise large workloads with a can do attitude.
- Excellent analytical and problem solving skills developed at NAB as they were required to successfully find solutions for stakeholders.
- Well developed communication and interpersonal skills demonstrated in previous roles where I had to engage with clients and different levels of staff.

PERSONAL PROJECTS

Lobster:

A two sided marketplace for home cooked meals. It is like a cross between UberEats and Uber where you can purchase local food and be a local cook yourself.

<https://github.com/mimum/Lobster>

Technologies used: Ruby on Rails, SCSS, Heroku

Ruby Terminal Application:

"GroPro Hero" provides a solution track their vegetable and herb progress in their gardens. Received positive feedback for the impressive UI. My first CoderAcademy group assignment.

INTERESTS AND ACHIEVEMENTS

NAB

- Was awarded with "shining star" awards for my hard work.

- Worked and implemented process changes to improve team efficiency.

Snowboarding

- Participated in the 2017 'Mum's the word' rail jam.

- Landed my first backflip in 2017.

Travel

- Took a career break in 2016 to travel to Europe for a backpacking trip. The highlight of the trip was witnessing the northern lights in Iceland.
